December 1988

Bashing the Rich Fangs of Bolshevism

by Ben Klassen, P.M.

The basic plank of Karl Marx's communist creed is that the rich are the incarnation of all the world's evil, and must be exterminated from the face of the earth. Once these nasty rich, these "Capitalists", have been destroyed, the "proletariat", supposedly the working class, will take over, and there will be no more exploitation of the workers. Ipso facto, all problems, which are basically a matter of economics anyway (so the theory goes) will have been solved. If we will only get rid of those damn "Capitalists", we could have a beautiful new world order. Class distinctions will fade away, even government itself will dissolve into a sweet nothingness, and presto, and lo and behold! a new era for mankind! A veritable heaven on earth, a Worker's Paradise will appear as if by magic. Just kill those damn Capitalists!

These bait-and-switch ideas encompassed in this con-game are as Jewish as Henry Kissinger's hooked nose and have a long Jewish history. In Protocol No. 1 of the Protocols of the Elders of Zion, they say that by shouting the words "Liberty, Equality and Fraternity" they have brought into the Jewish ranks whole legions of the goyim, who carried their (Jewish) banners with enthusiasm, while their own Jewish agents did the advance work in surreptitiously spreading these ideas. These same words were canker worms at work, boring into the well-being of the goyim society, putting an end everywhere to peace, quiet, solidarity and destroying the foundations of the goyim states.

Going back even further into the murky channels of Jewish propaganda, we find that a mythical Christ was pre-empting Marx and expounding the same destructive ideas. It is all set forth in the New Testament, written by Jews for the destruction of the goyim. Those nasty damn rich! Oh, how we hate them! It will be easier for a camel to wander through the eye of a needle than for a rich man to ever get to heaven. Christians and Yids prefer such worthless derelicts of society as Lazarus, who was lazy, shiftless, penniless, and so sloven and sick that the dogs licked his open sores. Those are the kind of scum Christians like to see in heaven, but those damn rich will burn in hell forever and ever and ever, because oh! how the Lord hates them!

Marx's brutal successors, Lenin, Trotsky and Stalin, ruthlessly pursued this evil communist dogma, and successfully conspired to engineer one of the most violent and destructive revolutions in history. Backed by the Jewish bankers of the world, especially the Federal Reserve bankers of the United States, they overthrew the three hundred year old Romanov dynasty of Russia, brutally murdered the Czar and his family (Nicholas II, his wife Alexandra and their five children), and the Bolsheviks' Soviet of Workers Deputies took over Russia, the largest and richest (in natural resources) country in the world. Whereas, the front men in this revolution were Marx, Lenin, Stalin and Trotsky, the real stringpullers behind the scenes were the Jewish Kehilla, the Jewish

bankers and the Jewish network as a whole, the latter having worked toward this goal for many centuries. Jacob Schiff, of the Jewish brokerage house of Kuhn, Loeb and Company in New York bankrolled Trotsky's band of cutthroats to the tune of 20 million dollars during World War I and had them trained as killers and hatchetmen in Eastside New York for the takeover of the Russian Duma (parliament), and take over they did.

This Bolshevik revolution inaugurated the most evil and destructive era in the history of mankind. It is rivalled only by the destructive advent of Jewish Christianity that inaugurated the Dark Ages some fifteen hundred years earlier, and the similarity does not end there (See "Christianity and Communism: Jewish Twins", P. 380 of NER.) Not only did Trotsky's Jewish hatchetmen kill the members of the Duma, but in the bloody era of revolution, anarchy and famine that followed, the Jews had their Purim: they killed between 20 and 30 million White Russians as well. As in the French Revolution they killed off the leadership, Russia's finest in keeping with the Jewish maxim: Kill the best of the goyim first. Among those killed were several of my Mennonite kinsmen. We ourselves lost our beautiful farm and household and everything we had, and fled the country in 1924.

So, in destroying the rich (actually only the White leaders) did the poor reap the millenium? Did they get a Worker's Paradise? Hell, no! The Jewish dictatorship killed their goyim enemies, took over with a vengeance, and then clamped a brutal dictatorship on "the masses", a dictatorship they have maintained by sheer force and terrorism ever since. This they have done with the covert collaboration of the United States and its tremendous wealth and resources. (See "Russia, Israel and the United States", C.C. No. 38 of the WMB.) With the United States ready to bail out the Bolshevik regime of Russia at every turn, the Jews have not only maintained their ironclad grip on

the poor Russian victims, but have been able to expand their evil empire over most of the world. The result has been poverty, misery and heavy-handed tyranny over more than three-quarters of the population of the world. The unrest, chaos and destitution in Poland today is a current example, but only one of many.

So much for the communist revolution, much of which is already well known to most of our readers. What alarms us Creators is that a strange line of bolshevist propaganda is creeping in to the

Destroying the White rich has never benefitted the poor, but invariably transfers their properties into fewer and fewer hands of the super-rich Jewish bankers and money-manipulators.

White racial movement today. Some of the "leaders" in some of the half-baked, ill-advised White movements are beginning to prominently spout the same sinister Bolshevik line. Instead of pointing the finger at the Jewish network (which certainly encompasses the super-rich, the real money power) they are blaming and bashing the White "rich". Strangely, people like Gary Gallo, Tom Metzger and Wyatt Clay Kaldenberg are saying that the Jews aren't really the bad guys. It's our own White people, our wealthy members, who are the real culprits. When I last visited Tom Metzger, he treated me to a replay of his Aryan Nations speech on his wide screen video player. Within two minutes of watching this speech, I told him frankly: "You sound like a communist." I also noted his repeated admiration of Lenin, of how his tactics "got

(Continued from Page 1)

things done." Yes, indeed he did with the backing and financing of a vast Jewish network, inside and outside Russia, which paved the way, supplied the financing, the blueprint and the manpower, every step of the way. More important and to the point, what about Lenin's ideology? Tom had no comment on that, but I noticed that his library contained most of Lenin's works.

When I confronted Gary Gallo face to face with this question: Do you or do you not believe the Jews are our prime enemies? He replied flatly, "No, the White rich are our main enemies."

Let us halt the program right here and examine this "rich versus the workers" issue once and for all. Let us ask a few cogent questions.

1. Are the rich any more crooked, dishonest, mean, morally depraved and otherwise villainous than, say, the poor or blue collar class?

Answer: My observation after seventy years of dealing with every type of people imaginable, is, no they are not. Although White people are the finest and most honorable people in the world, you have good guys and bad guys in all classes, and there are just as many crooks, liars and petty thieves among the poor as there are among the rich, if not more so. In general, the rich are probably more responsible and trustworthy because they have more valuables to protect, including their reputation.

2. Are the rich mostly parasites on our society or do they contribute their share to the general welfare?

Answer: It is my opinion that the average man of means has contributed far more to society than the average poor. Let us take a few examples from history - Cyrus H. McCormick, who invented the first horsedrawn reaper, became wealthy because of his ingenious invention. As a result of this one invention, the then tens of thousands of farmers were able to produce three times as much grain and produce as they were able to do previously by using the hand operated sickle. Can you imagine what this means? One man's invention was now equivalent to the work of all the farmers three times over. Certainly any rewards that McCormick reaped were a small pittance compared to the increased benefits he contributed to society in exchange.

The same can be said of Eli Whitney who invented the cotton gin and thereby laid the foundation to a huge and thriving cotton economy in the South. The same conclusions can be drawn for such illustrious inventors as James Watt, who invented the steam engine; Robert Fulton who built the first successful steam driven boat; Samuel F. B. Morse who invented the first telegraph; or Alexander Graham Bell who invented the first working telephone; or for that matter tens of thousands of others, who like Henry Ford did not invent anything new that was patentable, but built a successful business that put the nation on wheels, or like Bessemer who invented a new steel manufacturing process, thereby

enabling engineers to build skyscrapers that were not possible previously.

At this point some rich basher will jump up and say, O.K., O.K., you have only been talking about inventors, and they are all right and fully deserve whatever their rewards, but most wealthy people were not inventors.

All right, let's look at some other entrepreneurs. Let's look at the field of transportation. Some have formed companies that spanned the country with railroads from the Atlantic to the Pacific. Some built steamship lines. Some built stagecoach lines. Some built bus lines. Some, like Howard Hughes, Eddie Rickenbacker and dozens of others, built airlines. Certainly they created tens of thousands of jobs and contributed tremendously to the advancement of travel and transportation.

You want more? All right, let us look into the automotive business, which probably more than any other industry has created millions of jobs and tremendously expanded man's ability to get around much faster and more comfortably than he could with a horse and wagon. We have already mentioned Henry Ford, but there were tens of thousands more such as Gottlieb Daimler and Karl Benz in Germany, or in America such enterprising pioneers as Charles Duryea, Ransom E. Olds, Elwood Haymes, Alexander Winton, Charles B. King, John D. Maxwell, Frances Edgar Stanley (The Stanley Steamer), Walter White and hundreds of others. In fact, there have been as many as 2000 automobile manufacturing companies, most of which are now either defunct or have merged with more successful competitors. Many of these lost their initial savings and went broke, some made a modest fortune and some like Ford made tremendous fortunes. But they produced and they contributed tremendously to the advance of technology and changed the face of America and the world.

Shall we continue and go farther afield? Why not? The field is unlimited. We can go into the food manufacturing industry and cite entrepreneurs like Post who started with cornflakes; or real estate developers like Del Webb who built whole cities, well planned and well built; or architects like Frank Lloyd Wright; or newspaper moguls like William Randolph Hearst; or movie makers like D. W. Griffith, and cartoonists, movie makers and theme park builders like Walt Disney. As I said, the field is unlimited, and I could go on endlessly.

All, or most of these men, made millions of dollars and huge fortunes. But I say that, by and large, they earned every penny and they deserved what they made because they contributed mightily to the advance of our economy, our technology, our welfare and our civilization as a whole.

But even though I could cite endless success stories that would fill volumes, rich-bashing malcontents like Tom Metzger and Gary Gallo would still not be satisfied, mostly because of envy that they themselves failed to make millions. What about all

the idle rich who inherited their money? Well, even many of those are not necessarily drones, nor are they lazy and unproductive. We can cite geniuses like Howard Hughes, who inherited a tidy sum of half a million dollars back in 1924 at the age of nineteen. But he did not sit on it and let it rust. He built up a motion picture industry, an airplane manufacturing plant, an airlines company, an electronics plant and had interests in a dozen other enterprises, catapulting his original inheritance of half a million into a multibillion dollar fortune. Certainly the man produced jobs, he built companies and he produced a myriad of products. What more could a man do?

Besides Howard Hughes there are countless more who took a small inheritance and built huge empires. The one common denominator we will find among these men is that by and large they were highly energetic, they were men of imagination and on the average they were more intelligent than the average yokels. Certainly most of them were neither drones nor parasites, which, let's face it, we cannot say about many drifters and freeloaders who are penniless and on welfare.

Over my seventy years of sojourn on this planet I have lived in four different countries and half a dozen different states of our good old U.S.A.. My parents were poor and I, myself, grew up on a wheat farm in Saskatchewan. I have known all kinds of people — farmers, truck drivers, miners, ditchdiggers and millionaires, politicians, governors, senators, artists, writers, inventors, Nazis, Jews, niggers, scoundrels and con-men. On the issue of dividing the rich and the poor, I would have to come to the inevitable conclusion that men of means are, by and large, more intelligent, more interesting, more imaginative and easier people to deal with than are those who have never been able to put their act together and accumulate at least a comfortable nest egg to provide for themselves and their families. I say this without rancor and without prejudice. In summation, I would conclude that these people who have amounted to something financially are usually the movers and the doers and are, by and large, the pillars of our society that have advanced the White Race forward.

We now come to the last refuge of the rich-bashers who will strike their last nasty blow and accuse the rich of not having done enough to help promote the cause of us White racists in our fight against the foul Jewish conspiracy that is now threatening to destroy Nature's Finest — the White Race. In this charge I can totally concur. The tens of thousands of wealthy White men and women in this country, many of whom are the owners of huge fortunes, have done damn little to aid our cause, a cause which most certainly should also be theirs. But again, in fairness to all the rich, to all the middle class and to the poor, none of these have greatly bestirred themselves to fight back against this monster that is now devouring us, and certainly the average blue-collar worker, who is content watching the boob tube while

guzzling his beer, is as criminally negligent as are those well-to-do individuals that Metzger and Gallo like to label as "fat-cats" and would just as soon see hung. Just as there are any number of exceptions among the blue-collar workers, so are there among the affluent. Certainly, Henry Ford, one of the wealthiest billionaires of our century, bestirred himself about the Jewish menace some sixty-five years ago and put out a series of exposes in his *Dearborn Independent* extirpating the Jewish network. Also, after years of research on "the Jewish problem" he put out a four volume set of books on "The International Jew."

How many times do some people have to be hit over the head with a telephone pole before they learn the obvious lesson of history—that the Marxist programs were designed by Jews for the destruction of the White Race?

Andrew Carnegie, born a Scotsman, but destined to become one of America's foremost steel magnates, contributed 350 million of his fortune to charity. Of this, a huge sum went to building public libraries in every major city across America, so that boys would not be handicapped in obtaining books to read, a privilege that he himself was denied as a youth. He also instituted a number of other charitable institutions for the advancement of learning, and authored a number of outstanding books.

So much for the benefits bestowed upon society by the rich and affluent, the kind of people that Metzger and Gallo and many other envious people would like to hang. Having said all these nice things about wealthy Whites, let me make it clear that I like the blue-collar working man just as well, as long as he is White. I myself have done plenty of hard manual labor in my younger years. Being brought up on the farm, as a kid I milked cows, herded cows, picked rocks off the fields all day. By the time I was 10 I was stooking sheaves in the wheat fields, or hauling grain to the elevator. By the time I was 15 I manned a team and rack as a full-fledged member of a threshing crew, an arduous labor of 12 hours, in the field from 6 A.M. to 7 P.M., with one hour out for lunch. This I did for several years during harvest, even as I was working my way through college. During some of these summer sessions I also worked in the nickel mines of Sudbury, Ontario, down in a stope sometimes as far as 5000 feet underground. This was hot, humid and suffocating work, shovelling heavy nickel ore 8 hours a day. So let me assure you, I am no stranger to manual

(Continued on Page 3)

BASHING THE RICH (Continued from Page 2) labor.

The vital point in this whole discussion is: We need ALL of our White Racial Comrades to build a powerful affluent and well structured White society. We need the rich, the poor, the middle class, the entrepreneurs, the managers, the planners, the promoters, the builders, the businessmen, the storekeepers and the farmers; especially the farmers, and I might add there are some very wealthy farmers, or were, until recently.

The real culprits that are destroying our country, our White society, our environment, and the White Race in particular, is the Jewish cabal, that eternal parasite which has destroyed peoples and civilizations for thousands of years. It is Jewish money and Jewish power that has been and is subversive and destructive to the White Man's society, and is enslaving the world. At the core of this bestial monster is the Federal Reserve Board and the network of Jewish bankers that own and control the parasitic monetary systems throughout the world. They not only control the monetary systems, but because of the tremendous power they thereby wield, and because of racial loyalty practiced by the Jewish race, they also control the governments, the newsmedia and every other nerve center of power. Backing up the Jewish bankers is the whole Jewish network, forming a sinister conspiracy to not only enslave the workers and producers of the world, but to mongrelize and destroy the White Race, the rich and the poor, the middle class in particular.

There is the real culprit—the whole Jewish network, as such, with the financiers manipulating the strings and planning the strategy.

It is at this point that we, the Church Of The Creator, part company with Gary Gallo and Tom Metzger. Whatever their reasons for going off on this kind of destructive tangent, we will not sit idly by. To concentrate on bashing the White rich is not only highly confusing, but it is an outright deception. It is not even a racial issue, but overt class division among our White Racial Comrades, a communist plank and Bolshevik tactic of the first order. Nothing could be more destructive and confusing to the rank and file of the White racial movement, nor could anything be more comforting to our mortal enemy, the parasitic Jew, than blaming the White rich.

Gary Gallo has a strange and dubious background for one who contends that he is fighting for the White racial cause. I am told by one of his former close aids that his grandfather, whom Gary much admired, was a hot pink commie. How much of it transferred to the grandson we cannot tell, but evidently many of the grandfather's communist ideas took root in the grandson, as Gary's ostensible program, what little there is, seems to indicate. Gary's National Democratic Front (NDF) advocates (a) the progressive income tax (b) confiscation of property (c) no inheritance to the children of a family (d) state owned production facilities (e) hang the rich!

All of the above are outright planks of Marx's Communist Manifesto, as any student of the conspiracy will easily recognize. Whereas Gary readily latched on to the allure of the Communist Manifesto, with or without his grandfather's tutelage, it took him three years (by his own admission) to accept that the Jewish holocaust was a gigantic hoax, even after the facts were plainly laid out before him.

But that isn't all. Whether it is part of the Communist Manifesto or not, Gary has come up with another plank that is even more devastating, and that is—to slice up our American homeland and divvy it up among the different ethnic groups—niggers, Cubans, Mexicans, Indians, Chinese, Japanese, Haitians, Vietnamese, and of course, the Whites would be allotted a slice somewhere, too. We Creators say loud and clear—to hell with that noise! Our pioneering forefathers fought and bled to conquer this land. They took it by force and conquest. I repeat—CONQUEST—from the mud races and built a mighty White nation. For any White traitor now to come along and advocate that we are willing to give it to all the scum and mud races of the world, free and gratis, on a silver platter—that, my friend, is unspeakable lunacy and foul treason to the White Race. Whose side are these fellows on? Whatever, we want no part of the NDF.

Our forefathers fought, bled and died to conquer this precious territory now known as America. For any White Man to now suggest that we voluntarily turn it over to the mud races on a silver platter is unmitigated racial treason at its worst.

We now come to Tom and John Metzger who are a different case, but also indulge in bashing the rich and the "fat-cats", and also agree on slicing up America and handing vast areas over to the mud races.

Tom is an aggressive promoter and is doing a yeoman job in getting publicity for the White racial cause, all of which is to his credit. However, publicity isn't everything, unless it is espousing sound principles. Bruce Springsteen and Michael Jackson are each getting a thousand times more publicity than Tom and John put together, but neither is necessarily aiding the White racial cause.

What is even more deleterious is that Metzger also espouses a polyglot program of "working with" everybody. Well, almost everybody, except those he does not like. He will "work with" Christians and Identity racists, although he blandly professes he does

not believe the stuff. He will embrace the Odinites, although he does not believe that claptrap either. He will gladly collaborate with such Trotskyites as Wyatt Clay Kaldenberg, who happens to be a racist, incidentally, as well as a Trotskyite. This is perfectly acceptable and does not bother Tom at all. Tom even likes to play football with such niggers as Louis Farrakhan, since he, too, is a racist, even though a nigger racist who hates Jews and Whitey with equal venom. Tom has even made unsuccessful overtures to such international celebrities as Mummar Kaddafi, who also hates the Jews, as well as the United States and the White Race.

So what does Tom and WAR stand for? It is hard to tell, since his specific platform if any, is transparently thin, shallow and skimpy at best, other than that he agrees with Gary about bashing the rich Whites and slicing up American territory in order to turn it over to 57 varieties of mud races. Somehow, Tom's philosophy reminds me of a big city prostitute, who not having any firm principles of her own, finds it easy to crawl into bed with just about anybody. There are, however, a few exceptions. Whereas Tom deplores the strict and uncompromising code, creed and program of The Church Of The Creator, he himself feels free to disagree and denounce anyone he chooses, but heaven forbid that we Creators should do likewise.

Well, we Creators damn well feel free to criticize the Jews, the communists, the niggers, or any member of the White Race, for that matter, if we feel that such people are leading the White Race down a dead end street to a major catastrophe. Why can't these fellows learn the obvious lessons of history that are plainly staring them in the face?

All this is painfully reminiscent of the George Wallace experience of some twenty years ago. I remember back in 1962 seeing those dramatic TV pictures of George Wallace standing in the schoolhouse door defying U.S. Attorney Nicholas Katzenbach and his U.S. marshals in enforcing integration of our public schools. At that time I was still somewhat apolitical, and had not even joined the John Birch Society. But it excited my racial instincts. A few years later I became politically involved. I joined the George Wallace campaign, and by 1968 I was the Florida Chairman of the American Independent Party, promoting George Wallace for president. But soon I began to see strange things happening in the Wallace camp. He had a number of Jews in his entourage. He began waffling with double talk. He began to brag about the fact that he was not "anti-semitic", in fact, look at the Jews in his staff. He began to veer and veer and veer. Soon he was no longer a racist, and in the end he bragged he had more niggers in the Alabama state bureaucracy than any other governor before him.

I denounced him and left him in 1969, realizing that he had been set up from the beginning to be a chabaz-gol stooge, designed to neutralize the racial instincts of millions of our best

White militants.

We now return to Tom Metzger and Gary Gallo and their ill-advised philosophies.

The first obvious lesson we want to remind them of is that the Marxist planks are Jewish in origin and are highly destructive to a White people and society. Russia has been under the Marxist heel for 70 years. I was born in the Russian Ukraine. Before World War I the Ukraine was the most productive bread basket in the world and could feed all of Europe. Today, under the Marxist regime, not only is the whole Russian economic program in shambles, but land-rich Russia can't even feed her own people, and has to beg and import millions of tons of wheat and foodstuffs from the United States and other countries. If the Russian economy had not been propped up on numerous critical occasions over the last 70 years by the Jew-loving United States, it would have collapsed long ago (See "Russia, Israel and the United States", P. 245, WMB).

The same thing is happening in Communist Poland. The economy is on the verge of collapse. The people are destitute and starving. They are in a perpetual state of rebellion. With the slightest REAL encouragement from the United States, the Polish people would overthrow and demolish that tyrannical Jewish regime, once and for all. The same thing can be said of Hungary, Rumania and all of eastern Europe now under the Marxist heel. Anyone with even half a brain can readily perceive that the Marxist doctrine DESTROYS private initiative and private enterprise. The result is stagnation, poverty, misery and total breakdown. You can only bash "the rich" once, you can only rob them once, but after the initiative is gone, productivity too, is gone, and there is no one else left to strip and rob. Look fellows, damn it, it just doesn't work. Marxism is just a Jewish swindle, plain and simple. It doesn't work!

Marxist doctrine DESTROYS private initiative and private enterprise.

The second lesson Gary, Tom and Co. should learn is that you can't overthrow the Jewish powerhouse with a polyglot assortment of divided little "movements", if such they can be called, even though you might have 10,000 of them, or 20,000 of them, as we have witnessed over the last fifty years. What we are witnessing in the so-called White racial movement today is what we call the P.C.I.C., namely a Polyglot Conglomerate of Irreconcilable Contradictions. This leaves us wide open to the Jewish powerhouse for their "Divide and Conquer" technique, because, like the big city whore we mentioned, we can't seem to polarize around any firm principles of our own. Like Harold Covington says

Dear Creators:

Someone lent me a copy of **EXPANDING CREATIVITY** some months ago and I took the liberty of writing down your address. There is a lot of "White Racist" literature around, but your book is the only thing I've seen that refuses to suck up to the trashy christian, pseudo—Judaic myth that is swamping our White brothers. For that you should be highly commended.

Dear Comrades,

Please find enclosed some of our Party's material. I quite liked your material to say the least. Keep up the good work.

RESTORE THE WHITE AUSTRALIA POLICY!!

Jew Occupied Gov't. Look Out

Dear Creators,

Yes, meine brueder, we are trapped in a world ruled by JOG. Their eyes are cameras, forever focused on our every move. Their ears are fierce, hearing all, listening to our family's breath while they sleep peacefully in the night; plotting to murder our pure children while they play with their White friends; plotting to destroy the pure blood that flows through the White Folk's veins.

JOG, their teeth are ever so sharp, and they thirst for pure Aryan blood—our blood, which they need to survive, to feed their deadly disease.

JOG, they are on every corner of every street, hunting—they never stop; they never sleep.

JOG, they want to loan our farmers money so they can get their dirty, tainted hands in the pie. They will steal all until we have none for ourselves. They want every acre of our land to call their own. The land that we, the White Race, built with wooden rails, and bloody hands.

JOG, They want us, the only pure ones left, to share our states, our towns, and even our homes with hordes of mud races until our

Race is no more pure than is a child born to a nigger man and a white woman. No way!

We will survive. We must survive. We will smash JOG's skulls with weapons cast from stone...If we must. Blood will flow through the streets of Jew York City as we level Wall Street and fire our weapons through the windows of the World Trade Center.

We will never allow the only pure race, our Race, to be destroyed by the hands of JOG and their mud puppets.

We won't rest until we have our country back, and the air we inhale will be air that is only exhaled by another White man. We shall be the victors. Our flag will rest atop a mountain of sub-human rubble.

Cowboys & Niggers

Dear Hasta:

My grandfather commented on the article you sent about the first black "accepted" by the Texas Rangers, by saying something to the effect that it was only another sign of the continuing deterioration of law enforcement in America and that by accepting blacks into their ranks, the performance of the Rangers, already limited by the law, can only wane a little more. When my grandfather was a Ranger they were only required to give the command of "halt" to an escaping prisoner once before having the green light to fire, and none of this "warning shot" crap of shooting over their heads. I wonder how hesitant this new black Ranger will be to shoot one of his "brothers" who may have just murdered a White person?

Hasta, I'm as proud as I can be to belong to the elite of all the White racist organizations. I am only sorry that at times I am a bit slothful. This eight hour a day job makes activism difficult. The Jews have made it so hard for a young White person to make a decent living while we are breaking our backs making them millions of dollars. However, during those eight hours of work I seize every opportunity to slip some of our "gospel" into a conversation when it is reasonably safe. The day will come, and probably soon, when job security will mean nothing as I am getting fed up seeing my people die a slow

death.

I have started doing some target practice on weekends and have decided that in the future I'll concentrate on rapid fire, shooting on the run, weak hand and night shooting. The lack of moving targets diminishes these drills, but you may consider, if you haven't already, incorporating some of these subjects in the curriculum of our School for Gifted Boys. Please accept the enclosed \$20 as a donation for the school. My application for ordination will be on the way as soon as I can get a suitable photo taken.

P.S. I'm also enclosing another donation for \$10. I have been thinking about "tithing" like the Christians do. I will send in something every week to help promote the cause. It may not be much, but I believe my money is better spent this way.

Hope Shines

Greetings Pontifex:

If you check records, I sent \$100.00 in around the first of the year and received all merchandise soon afterward. I must say that I was pleasantly surprised. For once, an entirely feasible plan that did not dip the colors in compromise to the god of integration!

I have now read each of your books about 5 times apiece and constantly seek to promote the ideas and principles set forth in both the sacred books and the supplemental readings. I have not gotten anyone else to completely commit themselves yet but I can tell I have touched a sensitive nerve when I see adult men gaze with a child-like, "lit-up" sense of wonder when they hear the Hope of White Faith for the first time.

Two requests, please. Send me a membership card and get me an ordination application prepared.

From the Gulags

Dear Hasta Primus,

Please find enclosed \$10 to go with the \$5 I sent awhile back. I agree with you on Rev. Messick's advice "every White Man should do a little time in the joint". It is sure B.S.! However, I do feel that most judges, prosecutors, and some law officials should be required to spend at least 6 months to a year in prison, and see what they are sending a man into. The N.C. prison system is now run by niggers, except for the western district, and it's

getting blacker all the time.

In reading Rev. Messick's letter in R.L. No. 43, I had to laugh where he says "vacationing at Hotel North Carolina". This place is far from being a damn vacation in any hotel: "FACT". The Rev. breezed through this system, not spending any time in lion's den parts of N.C. prison such as the walls in Raleigh, Odom farm or Caldonia farm where one can get his brains knocked out, or stabbed to death in a heartbeat. Those coming in new don't get out into population unless assigned to Raleigh. In these places I just mentioned the weak get robbed, raped, abused, some maimed for life. The niggers run over the young White boys in packs. I saw over a dozen killings from 1981 to 1984 in N.C. prisons. While at Odom farm I saw 3 or 4 killings plus several stabbings and people cut all to hell. At Odom there were 8 blocks, each with 38 beds. In every block 30 of the beds were filled with niggers—the other 8 were for White men. Can you just see yourself locked up each night with 30 niggers and only 7 other Whites? Damn well gets rough, and, yes, all eight of these Whites were strapped down with shanks—a must, or else get raped, robbed or seriously hurt.

I do hope the Pontifex will make a book of his series, "The Wildest Stories Ever Told". I sure enjoyed The Sept. '88 R.L., especially "The World War II Holocaust Story" by Rev. Bob Mercer. Keep up the good work for there is a hell of a battle in front of us. Send me another WHITE MAN'S BIBLE, and I will get the \$8 to you as soon as possible.

Yours truly,

Dear Pontifex,

When I began reading your book, **BUILDING A WHITER AND BRIGHTER WORLD**, I was thoroughly gratified, refreshed and invigorated to see that some other White Men thought as I do. I had concluded that this country was nothing but a massive, lying and deceiving **MELTING POT** and that our people were mentally diseased as to what **TIME** it really is.

I had been reading *Revolutionary Worker*, *Revolutionary Socialist League*, and other free papers to prisoners in my desire to find an answer to our collective White survival. I became totally frustrated and gave up because these Marxist/Leninist thought organizations talk about all races joining to solve the problems of the world. I used common sense to determine that this would not help the White Race in this exploding World of mud colored animals. I

know that all the free, brain twisting literature which we are provided by the communists do not hold the answers to our (White Race's) problem. In closing, let me say that I totally and unremittably believe you have the books and ideas that will enable us to win and rule as we should! I'll appreciate whatever literature you can send.

Dear Creators,

I'm writing this letter with the hope that you'll print it in *Racial Loyalty* for the benefit of other Creators who are in prison.

We have big problems getting C.O.T.C. publications into the prisons. We must always remember that we Creators have the right to our religious beliefs and we can, by law (1st Amendment), receive our Church literature just like Muslims, Jews, Christians, even Communists receive theirs. I am one who has been fighting to have my Holy Book, The White Man's Bible, and I know that many of you are in the same situation as myself.

I have filed a lawsuit with the Federal Courts and you, my fellow Creators, need to do the same. We have to take action even though we are outnumbered and will be ridiculed and punished. File lawsuits, grievances, requests for Church literature and hold Church services. But most importantly, openly and unashamedly spread the word.

The C.O.T.C. is behind all of us downed Creators and will help us "fight the good fight". Reverend Williams, especially, has backed me up in my fight against the gulags, but we have to initiate the battles and see them through. Remember, what our enemies hate the most is having to play by their own rules. They are scared to death of a Creator, in court, exposing the "racist" nature of all the other religions and the double standard applied to us.

Thank you C.O.T.C. for the backing I have received—I couldn't have made it this far without your guidance.

Dear Pontifex:

It was a pleasure receiving your letter. I have heard of your organization and support your efforts.

Since Judge Finesilver gave me six years, I must serve four. I began serving the sentence on August 13, 1986, two weeks after I finished the initial edition of THE SCORE. I did not have to self-

surrender due to the fact I was on bond, but it was my inclination that I could fight the enemy to some extent from behind the fence rather than on the run. And, I was right. Since my imprisonment I have written a booklet titled "Slavery Survives In America", which highlights a personal view of the direction and purpose of the Federal Bureau of Prisons. I am familiarizing myself with the procedures associated with American law.

I will be looking forward to corresponding with you and arranging a meeting with you after my release.

Respectfully,
Rudy Stanko

ED NOTE—Rudy "Butch"

Stanko is a third generation meat processor who built a small family business into a \$200 million a year national corporation by consistently delivering a better product at a cheaper price. His companies took on and beat the powerfully organized Jewish meat cartel in competition for some of the largest contracts in this country. THE SCORE is a compelling exposé of the Jewish power which dismantled his organization by using "our" government and media, which they control outright, not to mention their "power of the purse" directed by the Kehilla. THE SCORE reads like a Horatio Alger, *Strive and Succeed* story with a kosher ending. It would make a wonderful Xmas gift (\$15) to a Jew-loving Christian who's not quite ready for our books. After reading THE SCORE, they're ours! "Slavery Survives In America" is also well worth having at \$1.50. Order them both from: League of Rights; P.O. Box 41; Gering, NB 69341.

Make Your Shots Count

Dear Hasta Primus,

For about two years I have been noticing something missing in every issue of *Racial Loyalty* and all the other Church of the Creator publications. As great as the program is for freeing the White Race from the yoke of Jewish bondage, it cannot quickly be accomplished without a "Strike Force".

As a veteran of three combat tours and nearly 18 months in hospitals from combat wounds in political wars (the Jews sent us in order to thin out the White Race and circulate money while tightening the screws on us), I found it necessary in all operations to have special teams to either, (1) effect success in killing who we were told were the enemy, or (2) to survive the situations we were forced into.

The most basic "Strike Force" during Korea and Vietnam was point man and point squad. These

were used to make initial contact and usually were not trained well enough to survive or inflict much damage on the enemy. Behind the teams who rotated for the above duties there were always cold, hard killers. I am not saying the C.O.T.C. should send out ill trained people like the point man or squad who rotated. We don't need to sacrifice any White person to kill all the enemy leaders. We already know whom and where they are. We need the cold, hard brave killers.

The goddamn Jews have their teams worldwide standing ready to murder any White person without batting an eye. They also have their lackeys in the Goy governments, (especially the Jewnited States), who are also ready to murder fellow Whites for them.

I am not advocating murder as the Jews do through "our" "elected" public officials when they execute a White man for killing a communist queer, a criminal, nigger or a race traitor. I am talking about elimination as in killing rattle snakes, etc..

In addition to the well trained hit teams the Jews have working for them in America such as the C.I.A., F.B.I., state agents and other White traitors, the Jews have all Jew hit teams. Directed by the Zionist leaders—taking orders from Israel, the Mossad, and those agents who run the American government and the court system. These Jew hit teams (such as the J.D.L.) have also murdered Arabs in the U.S.A.. It's very telling that small teams of cowardly parasites can terrorize so many people and are immune from prosecution as are Israel's spies and Jew crooks on Wall Street. Just a few good racially loyal men and women who are well trained could wipe out their leaders overnight.

We all know who their leaders are. They are owners of sweat factories, railroads, banks, airlines, jewelry stores, etc., and the rabbis in the synagogues. Their front men are Jew doctors, lawyers, judges, political advisers and propaganda experts in all levels of our schools, not to mention the Christian Churches and "our" government. We are not talking about innocent people. The Jews are organized and stick together worldwide. Their most visible front men either own or outright control the pornography industry, sports and entertainment, finance, the electronic media, print media, and book publishing and distribution in general. As if that wasn't tight enough control over the goy, they also direct the activities of most all the "White patriot" groups. Of course I was proud of the KKK and Nazi members who killed the communist

niggers and one of their Jew leaders in Greensboro, NC a few years back, but that was only one honorable act and the Jews had traitors even in that small group.

My prescription for success is to avoid contact with those who sit around talking about castrating niggers. Sure it's great to waste the savages who violate our people, but the spooks are just a tool of the Jew, and for every one we eliminate the Jew can stampede a thousand more. Women with white skin who bed down with niggers and other muds and further defile our genetic treasure are our mortal enemies and should be dealt with as traitors.

But we can handle these categories of race destroyers in short order once we kill and otherwise purge our REAL enemies, the Jewish network that controls virtually every aspect of our lives.

There are thousands of Vietnam war veterans who are informed or at least are capable of understanding the true picture of our plight, in spite of the tight grip on their minds. They already know or are at least suspicious of who is really responsible for sending so many White Racial Comrades to early graves for nothing and for ruining the health and lives of so many more of us. These men are trained, have faced death, and when inspired to—will die for the noble cause of survival of the White Race. There are also thousands of White men of all ages who've never seen combat, but when confronted with the facts, are intelligent and resourceful enough to make a pipe bomb and place it on a gas can in the home or car of the ENEMY who is destroying us. If the stupid niggers could blow up things all over the U.S. as they did in the recent past, surely Nature's Finest can construct bombs with mercury switches and chemical detonators and place them in strategic enemy nests. My only advice as to method of operation would be for our men to work alone or with very trusted friends who would never seek glory or recognition. Knowing that their service and sacrifice is being done for the survival of the White Race should be all the motivation and reward needed. The C.O.T.C. does not need the emotionally unstable, the unsure or those who require strict supervision on the "Strike Force". We need survivors who can strike over and over again wherever needed when the active war begins!

I would love to hear comments from South Africa on the timing of their delayed response while the Jewmedia has the whole world down on them to pressure Whites to turn over all they have built to savage niggers who "necklace" each other for so much as buying

The Wildest Stories Ever Told

Part IX of a Continuing Series

THE STORY OF JUDAH

The Jews take their name from a certain desert tribesman by the name of Judah, and their whole gutter religion of Judaism is named after this particular individual. We would be led to believe that since so much honor has been heaped upon Judah, he must be an individual of outstanding character and accomplishment. In Jewish literature he has been referred to as the "Lion of Judah", evidently as not only a man of character, but we would also be led to believe that he was a brave warrior and leader, a real hero.

We would be wrong on all counts. It would be hard to find a more sleazy, repugnant and despicable character in all history.

Let us recapitulate the story of Judah from Genesis, Chapter 38, headed as "Judah's Household Troubles", the one chapter that focuses on Judah, the namesake of the Jews and their religion, Judaism. When we do, we will find that far from having all those brave and honorable characteristics that we would expect the hero and namesake of a race to have, on the contrary, we find only the story of a sleazy, pandering, pimping Jew. We find another typical example of God's chosen breed, a real sorry character.

Before we review Chapter 38, let us first of all establish Judah's place in the Jewish hierarchy. As we all know, the Jews have concocted a phoney history for themselves, claiming that they are the descendants of Abraham, Isaac and Jacob, and taking it one generation further, that they are descendants of one of the twelve sons of Jacob in particular, namely Judah. There is, of course, no meaningful historical evidence for any of this nonsense, and it is highly questionable whether any of these characters ever existed. Overwhelmingly, the evidence points more likely to the conclusion that Abraham, Isaac, Jacob, Judah and Moses were nothing more than figments of the imagination, as fictional as Mother Goose.

Be that as it may, let us recount the story of Judah as told in Chapter 38 of Genesis and see what the Yids have to say about their ancestral hero, mythical or otherwise.

The story starts out with "And it came to pass at that time, that Judah went down from his brethern, and turned into a certain

Adullamite, whose name was Hirah.

"And Judah saw there a daughter of a certain Canaanite, whose name was Shuah; and he took her and went unto her." Just like that. He came, he saw, he screwed her. It says nothing about marriage.

I quote the next five verses. "And she conceived, and bore a son; and he called his name Er. And she conceived again, and bore a son; and she called his name Onan. And she yet again conceived and bore a son; and called his name Shelah; and she was at Chezib when she bore him. And Judah took a wife for Er, his firstborn, whose name was Tamar.

And Er, Judah's firstborn, was wicked in the sight of the Lord, and the Lord slew him."

It doesn't offer any explanation as to what it was that Er did that warranted an immediate death penalty, or whether the Lord just didn't like him on general principles and like a Chicago gangster just

decided to rub him out. Considering all the hanky-panky Judah pulled, we are left to wonder why the Lord was so fond of Judah but hated his sons. Anyway, we continue this droll pornographic story as told by the Yids themselves.

"And Judah said unto Onan, Go in unto thy brothers wife, and marry her, and raise up seed to thy brother. And Onan knew that the seed should not be his, and it came to pass, when he went in unto his brothers wife, that he spilled it on the ground, lest that he should give seed to his brother."

For some unexplained reason, the Super Spook was keeping a close eye on these seedy shenanigans from upon his lofty perch, and what he saw evidently made him mad as hell, and it says "wherefore he slew him also." Oops! Chalk up two dead sons of Judah, rubbed out by "the Lord", gangster style. Strange, how this tribal spook could just take precipitous action and slay at random just about anybody he didn't like. Strange also why he didn't slay Judah himself, who as we shall see, is the most lecherous bum of them all.

However, if Judah was disturbed about his oldest two sons being slain by the Super Spook, there is no mention of it. On the contrary, he was undaunted and determined to get one of his sons' "seed" into Tamar, the wife of his now terminated first son. He still has son No. 3, namely Shelah.

Verse 11 continues: "Then said Judah to Tamar his daughter in law, Remain a widow at thy father's house, till Shelah my son be grown: for he said, Lest peradventure he die also, as his brethern did." With a trigger happy spook slaying his sons at random, he had good reason to be concerned about son No. 3.

Let us continue the story, as per the "Holy Scriptures."

"And Tamar went and dwelt in

her father's house. And in process of time the daughter of Shua, Judah's wife, died; and Judah was comforted and went up to his sheepshearers to Timnath, and his friend Hirah the Adullamite.

"And it was told to Tamar, saying, Behold thy father in law goeth up to Timnath to shear his sheep. And she put her widow's garments off of her, and covered her with a veil, and wrapped herself, and sat in an open place, which is by the way to Timnath; for she saw that Shelah was grown, and she was not given unto him to wife.

"When Judah saw her, he thought her to be a harlot; because she had covered her face." Being a typical lecherous Jew, he could not miss an opportunity. To continue the "Holy Scriptures": "And he turned unto her by the way, and said, Go to, I pray thee let me come in unto thee; (for he knew not she was his daughter in law.) And she said, What wilt thou give me, that thou mayest come in unto me? And he said I will send thee a kid from the flock. And she said, Wilt thou give me a pledge, till thou send it?"

So here we have a couple of Yids haggling over the going price in the trade. Judah agreed to her demands—his signets, his bracelets and the staff in his hand, presumably as insurance for delivery of the kid. The bargain struck, they went to it. Evidently the Lord was again eyeballing the event from his lofty perch on high, but had no objection, since he did not slay Judah.

By any standard, Judah was a despicable, miserable lout, but look at what incessant and repeated propaganda can do for an image.

Having had satisfaction, each went their way. Tamar again put on her widow's clothes. Also, she was now pregnant. Judah sent the promised kid by way of his friend the Adullamite, but the former harlot was nowhere to be found.

Three months later, word got back to Judah that "Tamar thy daughter in law hath played the harlot; and also, behold, she is with child by whoredom." This infuriated this two-faced Yid and he said, "Bring her forth and let her be burnt."

When she was brought before him, she showed him his signet, bracelets and staff and said that she was pregnant by the man that had

Purpose of this Series.

The overriding goal of the Church of the Creator is the survival, expansion and advancement of the White Race, and the immediate goal is to free the White Race from the worldwide yoke of Jewish tyranny. In order to achieve both goals it is necessary to build a massive, powerful movement that can smash the Jewish monster. Before the White Race can ever be in a position to unite, polarize and build such a power structure it will first of all have to get its thinking straightened out. This it can never do as long as it entertains in its innermost thoughts that most diabolical of all mind-scramblers, Jewish Christianity. By using ridicule and exposing this idiotic age-old spooks in the sky swindle, we believe we can best help lead the White Race back to sanity, common sense, and a healthy constructive attitude towards its own best interests.

JUDAH STORY

(Continued from Page 6)

owned these items. She had him there. He admitted that he was the culprit, and also that he had reneged on his promise of not giving her his son Shelah for husband. But that was it. "And he knew her no more again."

Time went on and so does this increasingly lurid story. When Tamar's time came to deliver, she found to her surprise she was carrying twins. The first "put out his hand." The midwife tied a scarlet thread to that hand to make sure which was the "first born". Then some strange things happened. He pulled back his hand, and his brother came out, who was called Pharez. Then the other fellow with the scarlet thread on his hand came out next. He was called Zarah. Chapter 38 ends there, and it would seem that this is also the end of this sleazy episode, for the next chapter launches into the story of Joseph, Judah's half brother.

However, that is not the end of

the story. Strangely, hundreds of pages later when citing the concocted ancestry of their much touted King David and also that of Jesus Christ, who is the "seed of David", we find that of these two little bastards, Pharez and Zarah, it is Pharez who has the honor of being the arch-ancestor of both David and Jesus Christ. They should be honored for their sleazy ancestry, should they not? (See Matthew, Chapter 1.)

There is one further bizarre episode to the story of this irresponsible whoremonger and reprobate by the name of Judah. We now turn to the very end of the Jewish-Christian "Holy Scriptures" also known as the Christian Bible. We now take a look at Revelations, Chapter 5, more than 1150 pages beyond the account of Judah's "Household Troubles" related in Genesis 38. We find in Rev. Ch. 5 a grandiose opening. The scene is in heaven, and we are now in our last days. "And I saw in the right

hand of him that sat on the throne a book written within and on the backside, sealed with seven seals. And I saw a strong angel proclaiming in a loud voice, Who is worthy to open the book and loose the seals thereof?"

John, who was treated to a preview of the Revelations to come, wept much because no one was deemed worthy of opening the book.

But wait! Our despicable and repugnant little Jewish anti-hero who fornicated with his daughter in law, believing she was just a common roadside whore, it is he who has now been elevated to the four and twenty elders sitting on the throne on the right hand side of God. And now "one of the elders saith unto me (John) Weep not: behold the Lion of the tribe of Judah, the Root of David, hath prevailed to open the book, and to loose the seven seals thereof." Wow! From the ridiculous to the sublime! Even in heaven these

slimy Jews claim to be in charge. Would you believe? Even that smutty Jew, Ginsberg, who puts out the pornographic "Screw Magazine", could hardly top this story. (W)

PROPAGANDA BACKFIRES ENEMIES UNWITTINGLY PROMOTE CREATIVITY

On Page 67 of the November 14, 1988 issue of the Jew owned, Jew run "news" magazine, *U.S. NEWS & WORLD REPORT*, is a story written by a Jew named Art Levine about a Jew named Ivan Stang. So, what's new? Why would we note such an everyday normal happening such as this? Well, *Racial Loyalty* is mentioned as one of the "mad prophets, crackpots, kooks", etc., described in this Jew's new book, *HIGH WIERDNESS BY MAIL*, published, of course, by the Jews Simon & Schuster. We are lumped in a section of the book with all grades of "Groups You Love To Hate". Levine says... "To Ivan Stang, America's leading connoisseur of crankdom, there's more to ridicule than to fear in the country's assorted fringe groups, crackpot publications and cult religions." He states that there are currently about 1500 religious groups in the U.S., but we are singled out as being particularly "odious" for daring to represent the White Race (see insert). Little do these trendy Hebes realize, that by printing our address and the "It's Great To Be White!" slogan, they have generated many legitimate requests for literature from frustrated Whites who can read between the lines of the twisted description to detect an organization which actually promotes White salvation. Many of his yuppified readership are more than just curious about the possibility of a pro-White organization that is not Nazi or Klan.

So is turnabout fair play or not? I wonder if this not-so-funny cross between Don Rickles and Jerry Lewis has some paranoid juices we can stimulate with a letter writing campaign of our own (postage due preferred). He should be reminded by as many as possible that there is plenty to be feared from us Creators and that arrogant ridicule of our organization will not be tolerated. We'll see him sweat bullets when one of you good readers provides us with his home address for publication in *Racial Loyalty*. We know that he is a radio an-

nouncer in Dallas, Texas. Maybe some D.A.S.H. bootboys or other W.R.C.'s would care to darken his threshold and remind him what some of our readers did to another radio "personality" of the same arrogant ilk not so long ago. Anyway, for now, you can reach "Reverend" Stang at The Church of the SubGenius; P.O. Box 140306; Dallas, Texas 75214. **RAHOWAI**

a bar of soap from a White owned store. We had better prepare and train ourselves now! The war plans are being firmed up by the Jews. Soon they will also have a new set of lackeys in the White House to abet them. Things will not get any better until the leaders of our enemies are DESTROYED or TERRORIZED into getting off our necks. Of course, lack of a host means death to a parasite!

One final word: If the Jews send their FBI flunkies after me for advocating that the White Race defend itself against those who are trying to destroy us—I will not be humble! The Secret Service feds have already given me a hard time and it is common knowledge that the JOG FBI has killed some of our people. Dees the Sleaze

Dear Hasta:

It's an awful day for freedom and the White Race. The million dollar verdict against the KKK in Georgia stinks. Members of the NAACP and the Black Muslims have raped and killed Whites and nobody sues and bankrupts those organizations. One White hits a black in the head with some mud and the whole organization goes down the drain. This makes number three for Morris Dees. Number one was the United Klans of America. The law abiding members of that organization lost their land, building, everything, because of the stupid acts of one or two members. Number two was Glenn Miller's White Patriot Party where Morris had the group disbanded because one member made a threatening phone call to a black prison guard. Does this mean that we law abiding Creators would lose the C.O.T.C. and "Racial Loyalty" because another member hurt a black or a Jew?

I have his address. He sent me a letter last year wanting money, bragging about his sinking of the U.K.A.:

I hope you can put this address to use. Maybe we have a few readers who are willing to infiltrate and destroy this White Race hater.

Dear Pontifex:

Just a quick request. Next month I will be going to Utah to politically deprogram (awaken) about 150 police officers. I will be pushing your triple book combination at my seminar. Can they still write for your 3 book package (send me prices)? Conspiratology is moving right along and has the Kikes scared to death as I am moving into the law enforcement area which is their first line of defense. Please keep me on your mailing list for my lectures include your message and organization.

Dear Pontifex:

I've now got my own little flat located near a lake with a lot of trees and small houses surrounding it. Have been told that we have the best drinking water in the country. On the darker side is that most people living here are Christian minded liberals.

Perhaps you've heard that a county called Sjöbo voted (70 percent) NO to allowing any non-Whites whatsoever? This is the best thing that has happened here in modern time. Young people waved flags reading "Keep Sjöbo White". It is incredible!

Coming back to the Church: yes, I want to join as a member—\$25 enclosed. Could you mail me some kind of confirmation? I am planning to translate parts of your books onto a cassette.

A good tool that can spread our common ideology. So many like-minded citizens are confused and I think they would welcome some of this.

Have a Good RAHOWAI!

Dear Hasta,

Received the last order you sent on Sept. 6th. Thank you. Enclosed is \$180 for a current membership and the items listed. We've decided to quit advertising our meetings publicly. Last year the FBI took license numbers, etc., and we don't need infiltrators.

The powers that be, prevented the C.O.T.C. from obtaining a meeting room and they HAD A GOOD DAY!

The "Mineral Independent" refused to print a paid ad for our meeting and they also HAD A GOOD DAY!

The Jews have slain and destroyed 500 men in Shushan (Esther 9:12); hanged Haman's 10

sons (9:14); slew 300 more at Shushan (9:15); had some rest and slew 75,000 more foes (9:16). Therefore, the Jews of the villages had a day of gladness and feasting and A GOOD DAY!

ED. NOTE—Thanks for all you're doing Rev. Deardorff and for your observations on the Book of Esther. (See more about the Jew's favorite Bible story in Chap 10 of N.E.R.) All Jew holidays are celebrations of their slaughtering of the Gentiles. Purim comes from the Book of Esther. To this day, Jews eat little cakes at Passover called "Haman's ears" which traditionally contained dried, powdered Gentile blood collected from their victims during Purim. Be sure to keep your children in the house during this Jewish festival! We Creators cringe when we hear "obedient" White clerks, waiters, etc. parroting "Have a good day!" because we know what it really means. Jew merchants started this practice by instructing their goy help to say this so Jewish customers would know the business was Jew owned. We always counter this rote phrase with RAHOWAI which is much more meaningful.

Dear Creators,

Many thanks for the literature. Being a National Socialist myself, I find I'm in total agreement with most all of the C.O.T.C. policies.

I have Ben Klassen to thank for awakening me to the "Jewdeo-

I've received tremendous response from loyal Creators all over America. Sounds like a fine group of warriors, according to what I've read! Keep up the good work!

The response to the martial arts story has been unbelievably positive so I've written a more in-depth analysis in our current issue of *The [Oklahoma] Separatist*. BOMBAY, India — The image of India as a vast unchanging nation of villages is being swept away by the grim realities of the Bombay slum of Dharavi and thousands of others like it sprouting in cities across the country.

Dharavi is 432 acres of narrow lanes, barely wide enough for two people to squeeze past one another. More than 80,000 huts are home to nearly half a million people. There are only 162 public water taps and 842 public toilets, many of them unusable. Pools of fetid water and garbage stand only feet from doorways where children play.

As millions of Indians discover that village land can be subdivided no further and the countryside has no jobs or resources for the young graduates that schools so proudly produce, they migrate here and to India's other teeming cities to try to survive.

The same phenomenon is happening elsewhere around the world, from Jakarta to Cairo, Addis Ababa to Lagos, Mexico City to Sao Paulo. Megacities with populations of 15 million to 25 million are developing at a rate that has overwhelmed the capacity of governments and planners to provide enough sewers, water, streets, houses and health facilities to support the masses.

In the capital city of New Delhi, millions went without water this summer as the effects of a prolonged drought made clear what planners long had warned. When the rains finally came, a cholera epidemic broke out in the slums as wells became polluted from the human wastes that cover ditches, empty lots and even curbs because there is no sewer system.

It is a vicious cycle plaguing city after city. The lack of sewers creates conditions ripe for disease, and even if there were enough sewers, the water supplies are insufficient to make them functional.

The result is slums such as Dharavi, where home to many is a couple of pieces of tin or plastic sheeting. For those on the very bottom of the heap, it is a place on the sidewalk — and even that comes at a price.

By the year 2000, when India's population is expected to reach 1 billion, three cities are projected to have

at least 13 million people — Bombay, Calcutta and New Delhi. More importantly, perhaps, 68 cities are expected to top 1 million or more. By comparison, the United States, about three times larger than India, has no more than 40 metropolitan areas of similar size.

The one thought that no official here wants to express is that these could be conservative estimates. The projections are based on existing patterns of urban growth that saw 18 percent of India's people living in urban areas in 1961, 19.9 percent in 1971 and 23.3 percent in 1981.

By 2000, the demographers say, that figure will be 30 percent, or 300 million city dwellers — as many as are projected for all of Africa and more than the entire U.S. population.

For S.S. Tinayakar, the powerful municipal commissioner of Bombay, the statistics mean massive traffic jams, crumbling, ill-maintained buildings and proliferating slums. If Calcutta evokes the image of urban hell, Bombay well may be the new reality of India's urban nightmare.

Bombay, once colonial Britain's gateway to India, is still by far its most wealthy city. Its factories generate one of every 10 industrial jobs in the country. Its airport handles 60 percent of the country's international traffic and 40 percent of the domestic traffic. It provides one-third of all the national income-tax receipts.

And for all this, Bombay is paying a price: an estimated 1,500 newcomers daily, all pouring onto an island with only 168 square miles of land already packed with 10 million people.

"From 1971 to 1981, we added 2 million people, and there is nothing to indicate the increase has slowed, because the city continues to produce wealth. Everyone who comes to Bombay earns something — maybe just by collecting metal bottle caps — but it is survival. That is why they come," Mr. Tinayakar said.

"All these slums have slowed the migration from Maharashtra, but people come from elsewhere. Go through the city. People working in roadside stands or small-scale industries come from the south. The businesses and factories are manned by people from the north. It is regionalized. They depend on one another," Mr. Tinayakar said.

ed them a specific area in which to live. The dumbass White Man relocated them and caused integration. I am in favor of giving them a choice, either ship out or be destroyed. Race-mixing is destroying our White Race.

So, putting our religious differences aside, I believe that our political thoughts run in the same direction. I firmly believe that we can work with each other, so long as we stay away from religion. I don't think that I would be able to change your way of thinking and I am damn sure that you will not change mine. So other than that, (religion) we are in total agreement.

The next time you see H. Covington tell him hello for me. I know how he feels about religion and the two of us work well together, and so can we. I admire the man greatly.

Dear Hasta,

I am returning the book you loaned me, **THE PAINTED WORD**. Thanks for sending it. It was enjoyable and informative. I like the concise and witty approach Tom Wolf has of putting things together.

The complete insanity of today's art scene has no bounds. It goes even beyond the corruptive and degenerative, Jewish theoretical movements. The bottom line is the Jews have no intrinsic artistic talent, and have never made any legitimate contributions of note in the White Man's art world. The Jews knew from the start that they could not match

their feeble talents against the White Man's. That left only one alternative; to break down the high art standards to the point where anything goes, and genius, beauty, and talent became loose, empty words in all the arts. This then opened the door for the Jews, niggers, or any other philistine or social ingrate that wanted to jump in and make a quick pocketful of money.

And so here we are today, where our culture has been lowered to such an astonishing degree that a moron who can barely play three chords on a guitar, at earsplitting volume, can make more money in one concert than some classical virtuoso can make in a lifetime. Great writers are few and far between, and acting in Hollywood speaks for itself. Or take a so-called artist like Christo who is celebrated for spending millions, wrapping an island with canvas and rope. Meanwhile, who sees to it that these great art buffons get complete coverage on TV and in papers and magazines across the nation? The Hebes, of course!

I recently viewed the movie "Vincent", a European release on the life of Vincent Van Gogh. I would say this movie gets into the mind of Vincent more than previous attempts. It was produced by a Dutchman who lived in the area where Vincent lived. In a recent interview the producer was asked if he thought Vincent was really insane.

He replied, "You tell me who is more insane, an artist who cuts off his ear, or the one who pays 40 million dollars for a painting by an artist who did?"

I, for one, am sick of watching

our great cultural heritage lose ground everyday. I'm sick of watching our Race degenerate with nigger blood. I'm sick of criminal hospital rates, criminal legal fees, and taxes from a corrupt Jew controlled government with its pantywaist, deceitful politicians and empty presidential candidates. I'm sick of watching homos and dikes flaunt their perversions on normal society, and the handing over of our rich continent to every foreigner that crosses our border. I'm sick of the Jewish media trying to make niggers look intelligent and equal, and giving them more rights than the White Race. I'm damn sick of Israel raping our economy of billions of dollars each year to build up their country and war machine (1.7 million dollars each day comes out of our pocket for them to fight the Palestinians!); not to mention all the foreign aid money we throw away to other countries who also hate us with a passion! I'm a White Man and am not going to stick my head in the sand and say these things don't exist, or talk about starting over in Australia. I'm ready to kick some ass and reclaim what is ours! Our forefathers sacrificed their blood and more for us to get this far and it is now disintegrating before our eyes and turning into an insane, valueless, polyglot circus! Sorry for running on, but I have to unload every now and then. It is so very seldom that I get to deal with people who have a full grasp of the real problem at hand. I would be interested in making contact with any Creators in my neck of the woods.

Anti-Jewish vandals hit S.L. store on Kristallnacht

The hate-mongers struck at 9 p.m., scrawling "Jew" and "Jew-town" on the ice cream parlor's walls, according to police.

"There are still some sickos out there," said Melvyn Berger, owner of the "Do Me a Flavor" ice cream parlor at 27 Seguin Ave. in the Princes Bay section of Staten Island.

According to police, vandals repeatedly spray-painted "Jew" in big letters on Berger's cinder-block storefront and obliterated the word "DO" on the shop's sign.

"They also wrote 'Jew town' and other slurs on the storefront, police said.

"It's been deemed a bias incident," said police spokesman Maurice Howard.

Meanwhile, the morning after the solemn commemoration of "the night of shattered glass" — the beginning of the Holocaust — vandals sprayed swastikas and slurs in the office and sanctuary of the 200-member Jewish Student Organization at the State University at Binghamton.

The vandalism took place just hours after the organization held a candlelight vigil to mark the anniversary of Kristallnacht.

"I can't believe that somebody would do it. It's horrible," said the group's president, James Oppenheim.

On Kristallnacht — Nov. 9, 1938 — hundreds of Nazi storm troopers swept through Germany destroying synagogues and Jewish-owned shops and arresting 20,000 Jews.

BASHING THE RICH

(Continued from Page 3)

In his book, "The March Up Country", most White racial movements not only have no idea as to how to get there, they don't even know where they want to go. That pretty well sums up the whole mess of the POLYGLOT CONGLOMERATE OF IRRECONCILABLE CONTRADICTIONS. If you don't know where you're going, you sure as hell won't know how to get there. The fact is, we are no closer to destroying the real enemy today than we were 30, or 40, or 50 years ago. And the real enemy, let me point out again, is not the rich White, but the goddamn sinister worldwide Jewish network. There is not a rich White, nor a White politician, for that matter, in the United States today that wields any real power, and this includes even such highly visible families as the Rockefeller, or the Kennedys.

We Creators do have a real, meaningful creed, program and doctrine. It is embodied in a comprehensive doctrine that takes in politics, economics, race, eugenics, religion, the environment, Salubrious Living and just about every other facet of

human endeavor that is vital to the survival, expansion and advancement of the White Race on a worldwide scale. Why do people like Tom, Gary and others in the movement choose to

To promote a Polyglot Conglomerate of Irreconcilable Contradictions (P.C.I.C.) is one hell of a poor way to build a White Power Movement.

ignore it and espouse the sordid Marxist principles of bashing "the rich" (Whites, that is), the progressive income tax, confiscation of private property and other Jewish claptrap? Not

only do these fellows choose to ignore Creativity which has real answers for the White Race but they are openly hostile to it and vociferously attack it.

Why do they choose such an insane course when history has proven that not until the Germans united around one polarized creed (under Hitler) did they finally have the clout to destroy the Jewish monster?

I'll tell you why. The answer is hubris, hubris. They are jealous. Creativity shows up the poverty of their own half-baked, ill-conceived "programs", if such they can be called. As stated in *Racial Loyalty* No. 32, HUBRIS HUBRIS, if they don't have it, if they didn't think of it first, they would rather torpedo Creativity than embrace it, even if the White Race goes down along with the torpedoed ship.

So be it. To hell with them. With friends like that, who needs enemies. If they value their own little hubris more than the White Race and want to wet nurse it rather than save the White Race, so be it. Sooner or later they will die or go out of business and their precious little hubris will die along with them. But Creativity will go on regardless. We will ignore their pet-

ty jealousies, their goddamn P.C.I.C. and instead keep attracting more and more members and build and build until we have one mighty tidal wave that will overwhelm and crush the foul Jewish network. We sure as hell don't need cooperation from useless ballast that wants to slice up our precious territory and give it to the mud races, nor do we need the intrusion of Marxist doctrine to confuse and louse up our creed and program. There is one thing that is a lot worse than a capitalist, and that is a capitulator. To hell with the defeatists and the traitors. We don't need them. We would rather have them as enemies outside our ranks than inside the fort and burrowing from within. Who needs capitulators? We Creators will never agree to give up one inch of our territory—territory won by the blood of our pioneering forefathers. We regard that as treason. Who needs defeatists? Instead, join with the C.O.T.C.; support the C.O.T.C. and build a movement with strength and purpose. Our unswerving and uncompromising goal is the Planet Earth—all of it—and we will never rest until all of it is settled by a regenerated and rejuvenated White Race—Nature's Finest

WE NEED OUR RICH!

by Rev. Will White Williams, H.P.

Money, money, money...The pursuit of it is the single greatest diversion from our struggle that there is. Most of us have to have it to live "the American dream" (a nightmare that doesn't jibe with the "Creator dream" of an all White landscape), and are conditioned to spend 1/3 of our waking hours in pursuit of it and another 1/3 worrying about how to get more. The first half, or more, of our "income" goes to our government to pay the national Jew debt, to defend us from the Russians, and to feed and medicate the goddamn scum of the world. Of what's left after that, we pay for the house and car, gobs of insurance, food, college degrees (prerequisites for brainwashing) for Junior and Babs, and hopefully have a little left for our "time off" from work and other diversions. And, oh yes, many good White people give 10 percent to their christian church to finance a little more "brotherhood" (genocide of the White Race). Is it any wonder the "White Movement" never goes anywhere? Even if we could break through the wall the mass media has erected and could feed our people the true picture, they have no time for us and they have no money for us. The handful of us in this country who are fortunate enough to work full time for our people have done so much for so long with so little that now, it seems, we're supposed to do everything with nothing. It reminds me of playing a hopeless game of "MONOPOLY" where we own just one property, "The Electric Company", and it pays nothing! Our opponents own all the properties, complete with hotels, and we keep going around the board trying to collect our \$200 without going bankrupt. But there's always that glimmer of hope that we'll hit the "Free Parking" kitty, full of loot, and our opponents will have to mortgage their properties to pay for improvements, etc. Coupled with other setbacks on their part, the situation reverses itself and ultimately, we win! If only the real world were so simple.

We do have hope—we continue to fan the last pathetic ember of hope, for within it lies the spark that will fire up RAHOWAI. We know we are right. What's the alternative. If we don't alert our people, unite and organize them...who will? Our enemy's observation in the last 2 sentences of the insert at the bottom of Page 7 of this paper sums it up. "Where does this guy get his money? This is no shoestrapping operation." Actually, probably 90 percent of our money has come from one man who had the good fortune of being both successful and concerned—Pontifex Maximus, Ben Klassen. Everyone knows that all White power groups are supposed to be "shoestrapping" operations, with very little in the way of assets, personnel, etc. because the White Race is really not threatened, right? We control the superpowers,

have plenty of money and assets, have all grades of gadgets and toys, full bellies, etc.

Money, wealth, who has it, how they use it, these are issues vital to our cause. Let's look at our enemies. Forget the muds. When Creators talk about our enemies we are talking, first and foremost, about the Jew. Supposedly, they constitute less than 3 percent of our population. I've seen 2 telling statistics lately. One is that over half of America's millionaires are Jews. The other is that 9 of the 10 largest stock manipulators or "corporate raiders" are Jews. (Has anyone sent T. Boone Pickens a WMB?) So much for bashing the rich Whites. It's not even a White game. When the bottom fell out of Wall Street last year (to the tune of a cool trillion in stockholder losses), did any of these Jews get burnt? Hell no. They knew it was coming and sold out beforehand. They even admitted this in their *Wall Street Journal* of that week. Meanwhile they meet at their synagogues or, whatever, and scheme for World Jewry (read the Jew race). They continue to consolidate more power, more wealth into their grubby little paws. You don't have to be a conspiracy nut to figure out that these vermin have been sticking together for centuries—not only racially, but economically. "Every Jew a king—every goy a slave". Economics, the "dismal science" is Jewish, designed to fit whatever political scenario they are following. When on the gold standard, they own all the gold; when on fractional reserve "funny money", as we presently embrace,—they print it, and charge us to use it. They've been the moneychangers, goldsmiths, tax collectors and users since Moses was a pup. It's their game; their ball, their bat and their gloves. We will not reform them. We must eliminate them. *DELENDIA EST JUDAICA!* Only then will we free ourselves from the Jewish bonds of parasitic monetary policy. Once we have a handle on our own destiny there are an infinite number of solutions on which to pattern an economy suitable to the White Race—any of which will be better than what enslaves us now. Until then, it diverts our focus to flail at symptoms, such as tax structures, economic law, the Federal Reserve, etc. First we must survive! We must shock, shake, and shame our fellow W.R.C.'s into joining with us now—especially those with assets. We are nothing without money. Money IS NOT evil, it is necessary to conduct commerce. It is the love of money and the self-serving materialism which is eating at our collective racial soul. The Jews would be nothing without their vast wealth. If we had a hundred Henry Fords and Ben Klassen giving as much as they have—we would still be dwarfed by the combined wealth and clout of the organized Jew International bankers,

or Sanhedrin. Where are our counterparts to their Warburges, Shiffs and Rothschilds? We need many more with the selfless, burning dedication of the Pontifex if we are to succeed. Unfortunately, they are comfortable as things are; complacent, full bellies, high fences, big screen TV's, not threatened.

Personally speaking, I come from a family of over-achievers, racially pure, and for the most part apolitical. Their instincts are intact, but unspoken—several millionaires. The same could be said for the families of most of my former friends. The things all of these people share in common, besides money, are pity, shame, and disgust towards me for becoming a Race Fighter, and fear of subsequent ridicule should anyone expose our relationship. Another thing shared is that they have never lifted a finger for the White Race. Now, does this make them my enemies? Not hardly. Temporary challenges maybe; hypocrites, certainly, but not enemies. Does this mean I want to see them have all their wealth confiscated by some Bolshevik White Revolutionary? No! But maybe that's what it will take to convince them—who knows? I'd rather see them come around as so many of you Creators and our other readers have—rationally, once presented with the alternatives.

"Until we start having councils, congresses, and secret meetings of OUR rich, directed for the good of OUR people, we will never achieve power."

I must admit, I might still be cruising along, building, designing, developing, creating, if I hadn't butted heads with the IRS a few years back. The experience took a lot out of me and turned me against the system. Up until then, my rebellion was channeled into good ol', non productive "hell raising", but I paid my taxes, voted, and I even went and "fought" in one of their goddamn wars. Actually, the government created a monster by forcing me into a corner with their tyrannical IRS goons. I called their bluff; quit producing, paying taxes, got rid of all I owned, took a vow of poverty and studied endlessly until I found my niche here at the C.O.T.C.. The radicalization process is not for the weak. It requires an iron will to keep sifting through all the lies, illusions, and hypocrisy for real answers. Many of us must first be burnt badly to become motivated from the inertia of our inaction. Example: Rudy Stanko (See letter on Page 5): Here's a quote from this man's book, *THE SCORE*: "It was only after I had been put out of business that I was able to study the generations of accumulated wealth by certain families that masterminded and guided the world under its web of international finance. I was fortunate enough to be given a book that could only be acquired by underground publications,

and this was the beginning of my search for the true answers that evade the public." Would Mr. Stanko have made this study were it not for the tyrannical treatment he received? It's doubtful. Would he be worth more to us with his \$200 million per year cash flow? Not unless he has these newfound truths, he wouldn't. Personally, I think he's worth more to us now, without his wealth, armed with the story he's got to tell. His connections, credibility, savvy and determination could open doors which stay closed to us. More importantly, he's mad now—just like us!

Until we start having councils, congresses, and secret meetings of our rich, directed for the good of our people, we will never achieve power. The key is a spiritual awakening of our people and the method is Creativity. The power of a religious movement is undeniable, but a WHITE RACIAL RELIGIOUS MOVEMENT is new in all of history, and as I see it, will be insuperable.

As Creators, we are still few in numbers, though powerful in spirit. We CAN do anything with nothing. We are the vanguard and thusly, must be the beacon which shines the way for our people.

We have had a project in the works for some time now which we must all get behind and sacrifice for. Last week I saw where the nigger funniman, Bill Cosby, gave \$20 million to some nigger school in Atlanta. Oh, what we could do for our people with that. If "Christian" con-artists like Swaggart, Falwell, and Billy Graham can inspire their flocks to cough up millions for their scams, we should certainly inspire you to finance this one noble cause.

This project is the C.O.T.C. School for Gifted Boys. Pontifex Maximus Klassen has founded our religion; formulated our philosophy and recorded it for all to see in 8 books; financed our movement; donated the grounds for the Church and the School; built and furnished the buildings. I think he's done his part. Now it's your turn. This school cannot fail unless you, fellow Creators, let it fail. We need two things:

- 1.) Money
- 2.) Boys

The money will cover scholarships for qualified candidates who can't afford the \$300 tuition. Also, generous grants for expansion of facilities and number of sessions. We eventually must expand the (2) week sessions next summer into year round programs. The boys will come from our families, our friends, our neighbors, wherever we can find them. The only requirement is that they be White and reasonably bright.

It's time folks...Find us the money and find us the boys. We won't be begging. We don't wear that hat too well. You are the Creators, now create! Let's set an example for the rest of the White Movement and the other 500 million we've chosen to represent. Will we allow ourselves to be outdone by Bill Cosby and his tribe of monkeys? If so, we deserve our worst fate—Nature tells us this! (W)
